

Some good books on all things Intergenerational

These books I highly recommend. I'm eagerly awaiting the latest one to be released. There is also further info and recommendations on the Intergenerate websites: (US website) <https://www.intergenerateconference.com/>
(Aus/NZ website) <https://www.intergenerate.com.au/>
(UK website) <https://intergenerateuk.org/>

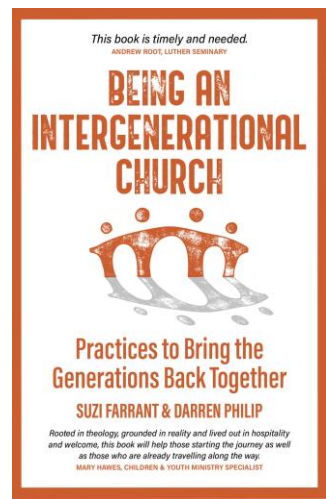

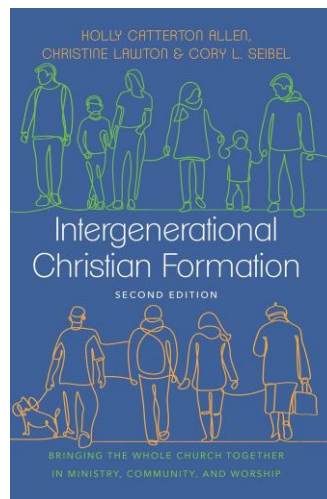

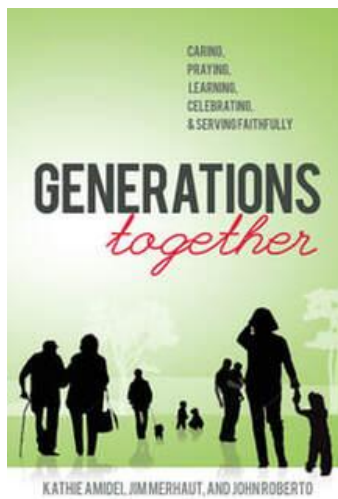

2 good books by David Csinos. A gospel for all ages is a must read for anyone wanting to learn Intergenerational preaching.
